FORMATION

- 1996 (June) PhD in Microelectronics.
University of Sciences and Techniques of Lille, France.
Grade: High HONORS
- 1992 MS. in Electronics, Microwave speciality.
University of Sciences and Techniques of Lille, France.
Grade: Very Good (range : 3/40).
- 1990 BS. in physics.
Faculty of Sciences, Lebanese University, Lebanon
Grade: Very Good (Range : 1/20).

PROFESSIONAL EXPERIENCES

- Since
January 1998 Associate Professor in Electronics and Microwave systems
Lebanese University - IUT of Saida
Analog Electronics
Analog processing signals
Microwave and remote sensing
Supervisor of several graduate projects where we modeled microstrip antennas,
microwave circuits such amplifiers, filters, ...
- 97-98
April to
September Manager of studies and systems development based on waveguides in Hyper
Technologies of Balloffet Group at Claves Sous Bois, France
- 1992 to 1995 Computer Teaching Replacement
University of Sciences and Techniques of Lille, France.
Characterization of Microwave circuits, S-parameters measurement.
- 2005-2006 Supervisor of engineer graduate project in CNAM university of Manal TAKI
"Realization of microwave Doppler sensor for automotive applications"
Grade : very good
